(7) The funeral director or person acting as the funeral director shall in all cases obtain the medical certification from the person responsible for its completion or obtain assurance that the medical certification has been provided to the Secretary by an approved electronic process.

When a death occurs on a common carrier while in international waters or air space or in a foreign country or its air space and the body is first removed from the carrier in this State, the death shall be registered in this State, but the certificate shall show the actual place of death insofar as can be determined.
